MANTENIMIENTO

Con cuidado regular y un correcto mantenimiento, su mueble GO ON mantendrá durante muchos años una alta prestación y satisfacción. Para mantener la calidad de su producto, utilice un paño no abrasivo humedecido con agua para la limpieza de la banda multimedia y el mueble. No utilice lejía u otro producto abrasivo, puede dañar el producto permanentemente. La limpieza y el mantenimiento a realizar por el usuario no deben realizarlos los niños sin supervisión.

ADVERTENCIA

Para la conexión eléctrica es preciso incorporar un interruptor seccionador que asegure el corte omnipolar, directamente conectado a los bornes de alimentación y debe tener una separación de contacto en todos sus polos, que suministre desconexión total bajo condiciones de sobretensión de categoría III, en una zona que cumpla con las prescripciones de seguridad de los cuartos de baño.

Según las normas en vigor, el interruptor y los demás dispositivos eléctricos, se deben colocar en una zona no alcanzable por la persona que está utilizando la bañera (esto está relación con el volumen de prohibición del REBT).

- **Zona 0**

Dentro de la bañera, ducha o lavabo.

- **Zona 1**

Área superior de la bañera, hasta una altura de 2,25 m (7' 4") del suelo.

- **Zona 2**

Área comprendida a una distancia de 0.6 m (1' 11") hacia afuera del perímetro de la bañera hasta la altura de 2.25 m (7' 4") del suelo. Y el área que forma un semicírculo de radio 0.6 m encima del lavabo desde el suelo.

- **Zona 3**

Cualquier lugar fuera de las Zonas 0, 1 y 2.

PRECAUCIÓN

Si el cable de alimentación está dañado, debe ser sustituido por el fabricante, por su servicio postventa o por personal cualificado similar con el fin de evitar un peligro.

Este aparato pueden utilizarlo niños con edad de 8 años y superior y personas con capacidades físicas, sensoriales o mentales reducidas o falta de experiencia o conocimiento, si se les ha dado la supervisión o formación apropiadas respecto al uso del aparato de una manera segura y comprenden los peligros que implican.

Los niños no deben jugar con el aparator.

Este aparato no está destinado para ser utilizado por personas (incluidos niños) cuyas capacidades físicas, sensoriales o mentales estén reducidas, o carezcan de experiencia o conocimiento, salvo si han tenido supervisión o instrucciones relativas al uso del aparato por una persona responsable de su seguridad.

No dejar que los niños utilicen el aparato sin vigilancia más que si reciben instrucciones apropiadas, que les permitan utilizarle de forma segura y comprender los peligros de una utilización incorrecta.

MAINTENANCE

With regular care and the proper treatment your Go On furniture will keep their high prestations during several years.

To maintain the quality of the product, use a clean and soft cloth slightly dampened with water to clean the technological profile and the furniture.

Do not use bleach or other abrasive cleaners, it can permanently damage the product.

Cleaning and user maintenance shall not be made by children without supervision.

WARNINGS

Power connection must be executed through a onmipolar switch, directly connected to the input terminals, it must have a separation in all their poles and also provide all pole disconnection under overvoltage category III conditions, in the area where safety bathroom requirements will be meet.

According to the rules in force, the switch and the other electronical devices, should be placed within a definite area that is not achievable by a person who is using the bath (this is related to the prohibition volume of the REBT).

- **Zone 0**

Inside the bath or shower tray itself.

- **Zone 1**

Area above the bath or shower tray to a height of 2,25 m (7' 4") from the floor.

- **Zone 2**

Area stretching 0.6m (1' 11") outside the perimeter of the bath and to a height of 2.25m (7' 4") from the floor. AND the area around a wash basin, within a 0.6m radius of any tap.

- **Zone 3**

Anywhere outside zones 0, 1 y 2.

CAUTION

If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

Children shall not play with the appliance.

This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
